

# LILYBROOK HEREFORDS inc.

Practical, Efficient Profitable

## Offer Replacement Seedstock to Leading Cattlemen

**Offering 70 bred commercial heifers and 60 bred registered heifers. All are in calf to our light birth weight Hereford bulls. Purebreds will start calving February 1 and the commercial heifers start March 1.**

**Very high MATERNAL TRAITS IN BOTH GROUPS!**

**We invite you to come and select from the 60 long yearling bulls we are offering from a herd of 440 registered breeding females. One of Canada's largest offerings from one herd. Complete performance records available including carcass data from all bulls and females.**

**The vast majority of our cattle sell by Private Treaty. We believe in the practical approach - our cattle are raised under the natural conditions as practiced by our customers. We stress good, sound-footed cattle with good udders and easy fleshing ability.**
